sacs Strider 15

980 000 € + VAT

Description

The pencil of Christan Grande, Sacs Marine's favorite architect, has given shape and substance to a maxi-rib that breaks the mold once and for all, concentrating class, energy and cheekiness in a single boat completely different from its alleged peers, because there are many rebellious and evil maxiribs in circulation, but not as innovative and brazen as the Strider 15, which Sacs has completely redesigned with a single goal: to surpass the old model in comfort and power. If size matters, especially aboard a maxirib, the Strider 15 will certainly satisfy the desire for comfort and relaxation even when the knots get dizzying. The deck, in fact, offers impressive spaces, starting with the huge beach area where all the soft and sinuous lines of the boat converge and which takes full advantage of the five meters of beam. In this abundant slice of the boat, where the aft beach mixes with the mega sundeck. The cockpit is an open-air lounge: large U-shaped sofa, bar cabinet and two tables with folding opening. In such a comfortable and functionally intuitive area, six people can easily sit down, who can enjoy a lunch, dinner or aperitif in total freedom.

Navigation equipment:

2 On-Board Computer (Volvo Penta), Chain counter (Raymarine touch Axiom), Odometer (Raymarine touch Axiom), 2 Display, 2 GPS (Raymarine), Joystick, Autopilot (Raymarine), VHF Radio (Raymarine), Co-pilot seat.

Staging and technical:
