Description

Relaxation for the whole family

The super fisherman's hull head makes it a perfect tool for fishing: stable and durable. But its nature makes it suitable for anyone who does not have a passion for fishing

Relaxation is ensured by the extra-comfortable seat forward of the console and the entire bow, which can be transformed into a huge 3.5-square-meter sundeck. To lie down, sunbathe, sleep or to watch the children play safely thanks to the protection of the bulwarks.

Super compact: low cost in port and trailerable

All this in just 6.88 meters of overall length. Despite its size, the floor area is 13.5 square meters, allowing you ample freedom of movement, thanks also to the internal height of 1.75 m. Like any boat, you don't have to register it, so it doesn't affect you fiscally and you don't pay the annual tax on pleasure boating. In addition, by staying in the category under seven meters, you also save on port fees for the berth: many ports reserve lower rates for boats with compact sizes. But that's not all, its width of 2.50 meters makes it trailerable: you can practically do without a berth.
