

Via Carlo Ginori, 95 57023 Cecina mare

Description

DESIGNED, BUILT, TESTED AND PERFECTED for you with a world champion fisherman.

Three different sessions to choose the one that suits you best.

The on-board organization is designed to optimize the fishing action in a boat with large contents.

A central console with deck, accessories and water lines that have been designed with the advice of 33-time world fishing champion Marco Volpi,

according to the needs of a fisherman who needs to move easily in a boat, without rods,

The landing net or the fishermen bang everywhere, but still having everything you need at hand and organized.

Evolution of the historic Tuccoli fisherman, with a new deck and renewed water lines to make the best use of the new and powerful outboard thrusters.

It allows you to move quickly over the fishing area even in rough seas.

The geometries of the hull, with the deep V at the bow, the wide deadrise at the stern and

Side support skates provide stability both at anchor and in drifting slides so you can focus on fishing and not keeping your balance.

TUCCOLI T250 VM - ALSO AVAILABLE WITH CRUISING CONFIGURATION (AVAIABLE CRUISING LINE)
