Description

The forward freeboard, together with the large sections of the front portion, make the boat dry, even when the wind begins to inflate the waves, and add livable space inside and out. A huge potential in terms of comfort and usability is also guaranteed by the 6.80 square meter cockpit, which you can complete with a sofa that can be converted into a sundeck to encourage your guests' tan. A perfect cruiser for the whole family.

Shaded areas for maximum comfort.

The 4.20 metre long and 2.60 metre wide hard top covers the entire outdoor living area to ensure comfort on board when you don't choose to sunbathe. The helm station, complete with a seat for the pilot and co-pilot, allows you to always steer protected from the elements, but also to have all the air you need on hot summer days thanks to the numerous openings to maximize your well-being and that of those on board.
