Black Watch was initially built in the United States by the famous Ted Hood Company. The late Ted Hood produced many Black Watch boats in the United States that can be found working and playing in the rough waters off the East Coast, Florida and the Bahamas in the United States. The US molds were purchased by the Australian company in the 80s and the proud tradition started by Raymond Hunt has been a source of inspiration for the Australian naval architects hired and hired by the company. Black Watch has established a
