The overall design work of the yacht came from the famous Dick Carter and built by Fred Preiss.

is a majestic yacht that can accommodate a total of 14 people on board and has a total of 4 crew members, winner of the most important race in the world in the 70s / 80s.

The intellectual property of professional naval architecture is the work of Dick Carter. In 1977 it was formally launched with triumph at Redondo Beach Ca and after sea trials and details were handed over to the owner who commissioned it. Fred Preiss has completed his new construction of sailing yachts in the United States. The central hull was built with wood/GRP (cold pressed) composite. The component of the superstructure of the sailboat is mainly made of composite

It has a fairly deep draft of 4.3 m (13 ft). In 1998 it had carried out maintenance and modification and refit
