Description

GOITER IN SPLENDID CONDITION, AS A TRUE AMATEUR

2022 external teak in solid wood

HISTORY "SHUNA"

This wonderful "auric cutter" was handcrafted by the shipyard Bianchi and Cecchi of

Cogoleto in 1963 in triple layer laminated wood on which was installed a diesel in-board engine, of the same date, of the LISTER company, for a power of 27 hp at 2800 rpm with 3 cylinders with hydraulic steering. Vetus.

It was born as "gozzo pontato" with sail "Marconi" (see all. 1 tonnage certificate n. 16/77 of 25/03/1977 necessary for

the inscription in the RID) probably as an amateur fishing boat given the passion of the Ligurians they have for certain types of fishing.

Internal leaded ballast 700 kg

Keel ballast 2000 kg

Navigation equipment:

Depth Sounder (GARMIN FISHFINDER 400 C), GPS (GEONAV 5 TOURING), VHF Radio (alan 78/105).
