Steeling and eye-catching in its aesthetic lines, the Pacific 36 represents the natural evolution of the " Pacific " series.

the large side windows give it a modern and sporty design, hiding from the eye its generous deck structure.

This vessel, with its 9.99 metres in length, makes the most of the type-approval limit of the vessel category,

its size does not prevent it from giving unexpected performance by touching 40 knots with the flashin engines
