famic marine Pacific 36 fly

229 703 € + VAT

Description

Overall length 11.18 m

Homologation length 9.99 m

Hull width 3.00 m

Width in accordance with ISO standards 3.90 m

Tubular diameter 67 cm

Tubular Compartments 8 ORCA¹ Pennel & Flipo High Tenacity 1670 dtex Polyester Tubulars

Sleek and captivating in its aesthetic lines, the Pacific 36 represents the natural evolution of the "Pacific" series.

The large side windows give it a modern and sporty design, hiding its generous deck structure from the eye.

This boat with its 9.99 m in length makes the most of the homologation limit of the boat category,

Its size does not prevent it from giving unexpected performances, touching 40 knots with the top engines,

already reaching 9 knots of planing, giving a cruising speed in total comfort of over 30 knots.

Like the entire "Pacific" series, it is also characterized by the use of semi-tubulars, in this model even sectioned with 4 separate air chambers,
