

SALE PRE OWNED

mochi craft Mochi 44 dolphin

Description

MOCHI 44 DOLPHIN

2 cabins - 2 bathrooms

Strength, sportiness and all the unmistakable Mochi Craft style are enclosed in the Dolphin 44', which concentrates technology and sophisticated elegance in 13 meters.

Its strong personality is underlined by the chromatic choice of pastel-colored hulls, by the particularly functional living solutions and by the use of particular materials such as solid wood and teak, as well as steel, worked in an artisanal way, as in the bollards in which the dolphin symbol of the shipyard is engraved.

The large cockpit is connected directly to the dinette, which can be opened and create a single environment with the outdoor area or closed by a retractable wall, thus allowing air conditioning of the saloon, which houses the dinette on the left.

The decision to position the owner's cabin in the centre, whereas in boats of this size it is usually placed at the bow, has made it possible to enhance the space intended for the owner, protect against bow movements and wave motion and obtain much larger spaces, thus increasing comfort on board. Equipped with an en-suite bathroom, the cabin is illuminated by a large hull window that allows an exciting view of the sea.

For guests, there is a cabin in the bow with a French bed and a single bed. From here it is possible to enjoy the light through the porthole inserted in the sundeck
