delta powerboats T26

Description

Delta T26 is the latest addition to the Delta range of open day boats and the result of a long-term collaboration with design partner Ted Mannerfelt. Intended for an active lifestyle, the T26 is solidly engineered for extensive use with robust exterior areas promoting easy interaction in recreational and water sport applications. Delta T26 features a deep v-hull with multistepped air lubrication design providing consistent stability and efficiency throughout the speed range. A spacious cockpit loaded with clever functionalities, generous storage and stylish comforts promise an elevated, close-to-nature boating experience. Below deck is the possibility to overnight in a double cabin accessed via the steering console.
