capelli Tempest 900 open

Sestante Yachts®

176 800 € All Tax Included

Description

The new Tempest 900 OPEN is a complete revolution of the previous model in the catalog, presents a completely revised deck layout, in order to accommodate the new needs of the market.

"C" shaped stern sofa, guide bench with tilting backrest, central console with seat towards the bow.

The main novelty of Tempest 900 OPEN is the presence of a door facing the bow that allows access to an area below deck. The area can be used as a full-height stowage locker or, alternatively, it can be set up with a marine toilet (complete with dedicated black water tank), internal mirror in A-look, Corian sink top covering, glass sink complete with tap, flexiteek floor covering and storage pockets. This option allows you to have a complete and functional cabin for the typical needs of a day cruiser.

Tempest 900 OPEN is available in single-engine and twin-engine versions. The stern planks have been made in two different versions: single-engine version and twin-engine version. This has made it possible to obtain a greater width for the single-engine dashboard, which reaches a maximum width of 720 mm, compared to 420 mm for the twin-engine dashboard.

INFLATABLE BOAT READY FOR DELIVERY

Staging and technical:
