seffa marine Fly 68 gullwing new

Description

A REVOLUTIONARY NEW CHALLENGE! Discover the new flagship of Sessa Marine, with a unique style and a strong personality that revolutionizes the 21-meter Yachts segment. One of the distinctive elements are undoubtedly the two side openings with gull's wings that not only allow a comfortable lateral passage but facilitate the entry of natural light by exploiting it to give brightness and above all airiness to the entire boat. The concept, certainly inspired by the automotive world, further reinforces the temperament of the new Fly 21 Gullwing with a technological, gritty and modern design.
