

SALE NEW

sessa marine C 47 new

Description

The style anticipates the lines that we will see in the new F5X.

The interesting interior lines are accompanied by a dynamic and sporty aesthetic: first of all the new hard top that has organic and sinuous lines, which integrates well with the side shields of the roof. The stylistic features have become a symbol of the shipyard in recent years, such as the high falchetta and the bar that joins the lines on the side already presented on the progenitor C68 Gullwing.

The boat has large volumes below deck with three comfortable cabins, one of which is owner, one VIP and one guest and two bathrooms, all characterized by a refined and elegant décor, studied in every detail, in a harmony of lines and colors.

The cockpit is well organized and very elegant and fits perfectly into the living room, where there is a comfortable sofa with table that can accommodate up to 4 people. This new model stands out from its sisters thanks to the crystal door that divides the salon from the cockpit: the C47 in fact, is the smallest among the shipyard's coupes with the glass stern door: a detail that immediately names it as the heir of the C44 model, the best seller of Sessa Marine which, on the contrary, it is not equipped with the crystal door.
