## Description

A cruiser model, an open one and one with t-top in the EFB version: a dynamic project and three different souls, for different types of owner, united by an elegant design and a refined style, which follows the main concept of the shipyard.

The new open version has a large panoramic front windshield and a t-top (optional) with electric aft awning, which allows you to well protect the cockpit area from the sun, to better enjoy relaxing breaks at sea.

The design of the cockpit, completely revisited, has a modular backrest that gives the possibility to create a large sundeck with a folding table.
