

SALE NEW

macan boats 28 touring

Description

MACAN 28 can also be produced in the Touring version.

One of the greatest advantages of aluminum construction is that it is able to fully realize the owner's wishes, also in terms of design and design.

Each MACAN BOATS is one of a kind and knows how to distinguish itself from other boats in the same category, with a dynamic appearance, an elegant charm and at the same time with high power performance while maintaining maximum maneuverability on the water.

PRICE LIST ON REQUEST, COMPLETELY CUSTOMIZABLE, EXCHANGES ARE EVALUATED.
