MACAN 28 CRUISER reflects the main features of the 28 series such as the double lateral access from the stern and the large sundeck, in the cockpit a comfortable sofa and a bar service cabinet precede the refined seats of the pilot and co-pilot, the whole cockpit can be shaded and / or sheltered by a retractable awning or a fixed t top.

The Lay Out of the CRUISER offers a higher category space, with an easier livability than other boats in the same category, the two convenient side accesses to the bow deck allow you to fully exploit it also as an additional sundeck with the cushions related to the upholstery.

From the raised console with a refined and efficient design, you can access the deck below deck where both the atrium and the bathroom have an increased height and more comfortable than the SPORT model, preceding a practical sitting room convertible into a bed.
