Description

The Apremare 54 is the flagship of the shipyard of the same name, specialized in the construction of fiberglass gozzo boats with excellent performance. With its 730 Man engines, it guarantees a cruising speed of 20 knots and a maximum speed of 30 knots, it has 3 guest cabins (one double and two with flat beds), 2 bathrooms and excellent indoor and outdoor spaces. Below deck we also find the galley, all built in classic mahogany wood. On the main deck of the Apremare 54 there is a large living area with table, chairs and a "C" shaped sofa that echoes the rounded line of the boat, covered if necessary by a removable awning. The stern platform is a real beach in contact with the sea, where you can relax and admire the beautiful surrounding scenery! At the bow of the Apremare 54, there is a comfortable and spacious sundeck.
