Description

Bavaria S40 Open: Luxury by day... Exclusive living comfort at night. Sporty and gritty lines combined with luxury and comfort. Design of the new S40 by Marco Casali of the Too Design studio, authors of numerous luxury yachts. In the cockpit, the S40 offers a spacious seating area aft, making it the ideal place to have an evening drink with friends. During the day, the living room can be easily transformed into a large sundeck to relax in the sun. To make a fantastic day end on a magical night, the designers of the S40 have taken care of every detail of the atmosphere below deck. Precious materials are a key point, as well as the choice of fabrics, precious woods and indirect lighting that can be adapted according to the situation.
