Description

The Primatist G 53' Pininfarina is the newest model in the Primatist-Pininfarina series. It was built in the new production center of Arbatax.

The boat occupies an intermediate size between the two previous models, the G 70 and the G 46, but respects their style and technical concepts. The roof of the deckhouse can be opened by electro-hydraulic control and the galley is located in the external cockpit to leave more space for the living room.

The sleeping area consists of three cabins and three bathrooms, a cabin for the sailor with his bathroom.

In the deckhouse there is a large living room and a helm station. The furnishings are characterized by fine materials and fabrics according to the style now tested on previous models.
