## Description

The C35 is inspired by the sculpted style and sharp lines of the flagship C68 and offers a particularly innovative and modular organization of spaces. In fact, the interior layout has been designed to allow the owner maximum freedom of choice: to live in an "open space" way, thanks to a large living area and a single cabin or, taking advantage of the special movable wall, to create two cabins, one forward and one aft, spacious and each equipped with independent access to both the galley and the bathroom. of unusual size for the category and equipped with a separate walk-in shower.
