astondoa As8

Description

A MASTERPIECE OF THE SEA

"Less is more", but sometimes "more" can be functional and useful, creating an elegant and timeless design.

This is the case of our new yacht, where functionality is combined with aesthetics, which added to the sporty character makes our new AS8 a "Masterpiece of the Sea"

Vanguard. The new As8 is the result of the fusion of new contemporary design, style and "color and finishes" with the timeless knowledge of our craftsmen.

This makes our yacht unique, beautiful, practical and impeccably finished, where every detail counts.

With an avant-garde design from bow to stern, this yacht with an overall length of twenty-five meters and a width of six meters, stands out for its large side windows and an innovative style of the main deck, where the galley is located.
