Description

The layout of this pleasant boat is characterized by the cockpit, equipped as befits a boat designed to accommodate a family of three people plus, possibly, two other people to be accommodated in the convertible outdoor dinette.

The main cabin is comfortable, in an open-space environment with V-shaped berths that can be converted into a double bed; The compartment amidships, under the cockpit, is convenient.

The galley area has an elegant and functional monobloc, well integrated into the main cabin; The separate bathroom, with man height, is well equipped.

Even outside, we wanted to create a certain separation in rooms, thinking of those who want a little privacy everywhere.

The articulated and well-organized cockpit has a comfortable convertible dinette at the stern, on the starboard side.

Thanks to its regular surface and the possibility of purchasing the appropriate cushions, the deckhouse can be used as a comfortable sundeck, accessible thanks to sufficient walkways to ensure safety in use.

As far as accessibility and functionality of the engine compartment are concerned, the entrance through the cockpit hatch is convenient and allows ordinary operations to be carried out even without entering the compartment completely.

The Volvo Penta D3 engine coupled with the proven DuoProp foot with counter-rotating propellers highlights the good maneuverability of the hull and allows
