invictus Gt320

MARINA YACHT SALES

297 000 € All Tax Included

Description

"UNCOMPROMISING STYLE

The Invictus GT320 sits squarely between its standard sisters, the GT370 and GT280, combining their predominant features: design, comfort, performance. It can be equipped with a single engine, like the GT280 model, but it is also the smallest in the Invictus range to be equipped with dual engines, like the GT370.

The balance of volumes and the elegance of the lines give a clear perception of beauty in every detail. The size does not negate the intention to match the level of luxury of the larger boats. The most demanding owners, looking for elegant, comfortable and high-performance boats, will have nothing to give up. Accessories and equipment can also be customized for the GT320 with the proposals of Atelier Invictus."
