550 000 € + VAT

Description

"A 14-meter with enormous habitability, to live on a boat and travel thousands of miles around the world.

It is evident that the designers of the Lagoon catamarans have invested heavily in improving the 440 model, creating a much more significant and much safer 45-footer, as well as being more luxurious and comfortable. The flybridge around which the entire bridge structure is centered has been redesigned, preserving the original idea of the previous model, but offering improvements.

Another important step forward is that the bridge, cockpit, engine controls, manoeuvring instruments and the new sun relaxation salon at the front of the upper deck can now be accessed more easily and in seconds. All this is possible thanks to the various ladders incorporated directly into the cockpit, on the left and on the right. It's not just about making better use of space, it's also a much better approach from a safety point of view."

EXCELLENT GENERAL CONDITIONS, FULL-OPTIONAL, BILLABLE BOAT + VAT + AGENCY COMMISSIONS.
