

SALE NEW

fountain pajot Astréa 42

Description

Designed by the Sailors, the Fountaine Pajot catamarans are particularly suitable for sailing in the ocean. Their hulls, with their well-balanced volumes, are at home at all speeds and in all seas. Their deck layout is carefully thought out and well-equipped, ensuring ease of movement and navigation for the crew. Their performance is equally remarkable thanks to their excellent power-to-weight ratio, their generous sail area is equally distributed between mainsail and genoa. With the furling and battened mainsail on the ball bearing carriages, the sail surface is easily adaptable to the weather conditions, in order to fully exploit the potential of the vessel. When racing with other cruising catamarans on equal terms, the Fountaine Pajot catamarans stand out! The Fountaine Pajot Catamarans have more than 500 Atlantic crossings to their credit and have sailed around the world hundreds of times.

NEW READY FOR DELIVERY, TRADE-INS ARE EVALUATED, POSSIBILITY OF FINANCING WITH NAUTICAL LEASING
