Description

The Dufour 460 Grand Large is the result of a collaboration between architect Umberto Felci and Dufour's design office. This model has established itself as a benchmark for 45-foot sailboats and combines high-level performance with absolute comfort. The hull and deckhouse have been redesigned to optimize space on board but always trying to maintain performance. Of note is the ergonomic steering position, the self-tacking jib, combined with a majestic aesthetic. The interiors are very spacious and bright, with the large owner's cabin noteworthy. The deck has been designed to create an optimal relaxation space with a fully equipped outdoor galley, sundeck and large transom.
