lagoon 380

295 000 € All Tax Included

Description

Lagoon 380, the smallest in the range and the most successful, is in fact among the best-selling cruising catamarans in the world, a statement due to a length that is still "manageable", which makes it interesting and undemanding even for family cruises, high build quality and good seaworthiness. When sailing, this catamaran is stable and holds its course well, is sensitive to the rudder and simple to steer. Like all multihulls, it offers its best in downwind and up to the beam.
