

SALE NEW

galeon 405 hts

Description

The new 13.5-meter hardtop yacht, designed by Tony Castro Yacht Design, has been created and built to be a perfect day cruiser for all sports enthusiasts. Its exterior styling and interior layout reveal the classic profile of the Galeon with a modern twist. The yacht's interiors have been designed to be bright and welcoming, with a functional and balanced layout. Materials include carefully selected veneers, coriani, high-quality fabrics, and wood with a matte or mirror gloss finish.

Large windows add natural light to the saloon, galley, and guest cabins. A sprawling saloon on the main deck is sure to be a popular gathering area for family and friends, with the starboard side bar giving a feeling of open space. The helm benefits from large windows and a single-glazed windshield that offers a 360-degree view. The accommodation space on the lower deck features a full galley and two cabins with separate bathrooms, to ensure guests comfort and privacy. The owner's suite is located amidships and occupies the entire width of the yacht, allowing for an incredible amount of volume and storage space.

standard engine 2 MERCURY CRUISER 6.2. MPI DTS
