

SALE NEW

galeon 400 fly

Description

Galeon 400 FLY is part of the fourth-generation yacht family, as one of the smallest models to offer the innovative Beach Mode. It has been designed to offer the highest level of maneuverability and stability on the waves. The interior is available in some possible modern variants, with additional options available on request.

Two separate bathrooms provide extra comfort to guests. The main deck welcomes guests with a comfortable sofa and table; It is richly equipped with an on-board kitchen and a large rudder, all well lit.

The upper deck is accessible by a comfortable staircase. The flybridge provides guests and crew with a minibar and a rudder. It also comes with a table and sofa that can be easily converted into a sunbathing area.

The aft cockpit offers a functional and well-planned space, with a sofa and table that can be converted into a sundeck. The front cockpit is a recreational space, with a large sun mattress. The standard version of the yacht is powered by two Volvo Penta engines with digital display.

Below deck, guests will find two full-size cabins, one of which, the owner's cabin, is located aft. All cabins allow guests to stand at full height and have additional storage space, ideal for longer cruises.

We accept trade-ins on the purchase of new boats.

We have a showroom where you can display and sell your boat.
