

SALE NEW

galeon 680 fly

Description

The 680 FLY joins the latest, fourth generation of Galeon models and introduces some interesting innovations to the segment. With a lightweight construction that takes advantage of carbon technologies, its powerful yet sleek frame will deliver commendable performance and great handling.

Outside, guests can relax in several leisure areas: on the upper deck, forward and in the cockpit. At the bow, the sundeck can be transformed into a seating area at the touch of a button, so that it can also be used during light cruising. The large FLY is sure to impress and accommodate a dozen guests too, all protected by the carbon bimini top - fantastic!

GALEON 680 FLY IS A COMBINATION OF A CLASSIC HULL AND THE NEW "FLOATING DESIGN" OF THE INTERIOR AND FURTHER ADDED INNOVATIONS. THE "FLOATING DESIGN" CONCEPT OF THE INTERIOR IS A DIRECT NOD TO THE WAVES, WITH ITS ROUNDED, UNDULATING COMBINATION OF MATS AND POLISHED WOOD

On board the 680, passengers will find incredible volume, a bright and welcoming interior and a luxurious finish that is highly customizable. A large saloon with a dedicated entertainment area and two separate staircases leading to the lower level to four guest cabins that have been designed to ensure comfort and privacy.

A selection of powerful engines and a comprehensive list of additional equipment will allow future owners to create their perfect yacht that will turn heads in wonder and become a benchmark for others.
