Description

The new INTEGRITY 380SX series, with fresh exterior design, has a well thought-out layout without flybridge, i.e. a low clearance under fixed bridges. On the aft deck there is a spacious bathing platform with bathing stairs. The salon has an L-shaped seating area, which can also be converted into a double berth. A guest cabin is arranged on starboard. In the foredeck is the owner's cabin and wet room with toilet and shower. The engine is easily accessible via a hatch in the salon. Under the aft deck is an adjoining room ("Lazarett") with a large access hatch for salvaging dinghy, bicycles, etc. The side decks are wide. Next to the helm is a sliding door. This yacht is very fully equipped
