

SALE NEW

integrity Integrity 460 sx

586 000 € All Tax Included

Description

the Integrity 460 SX sets aud Elegance in the whole line, it impresses with its modern appearance and yet does not leave the classic handle of a trawler yacht. The ship was first presented in Australia in 2020 and is the beginning of a comprehensive luxury line. The Integrity 460SX can be configured individually.

Feel free to get an offer, the boat is already well equipped in the base.

As a new edition of the successful SX series, Integrity launches the 460SX, which offers improved guest comfort after an exterior and interior revision.

While retaining signature features such as walk-in decks and a spacious cockpit, the 460SX displacement cruiser features large side windows in the saloon and a two-part windshield for excellent visibility and a bright, airy interior. The centrally located galley supplies the saloon and cockpit, as the rear windows can be fully opened to seamlessly connect the two rooms.

The master suite is located amidships with full head height, a walk-in bed, plenty of storage space and an en-suite bathroom. The guest cabin also has a walk-in bed and an en-suite bathroom, which can also be used as a day toilet and has a separate entrance from the main corridor. As with all Integrity yachts, owners have a choice of different interiors.

Known as exceptionally fuel-efficient boats, the Integrity range has expanded engine options for 460SX owners. Depending on their needs, buyers can choose between Volvo Penta, Nanni and Cummins engines, which are still based on a single, shaft-driven configuration.
