Description

RIVIERA 3350 OPEN FLYBRIDGE It was a single cabin version, redeveloping the characteristic rounded molding of the deck and superstructure.

It offered its owners a luxurious leather lounge around a bright wooden dinette in the salon, fully equipped kitchen with two-burner electric hob, polished wood moldings throughout the interior, a master cabin in the bow with walk-around double bed and a generous bathroom.

The Riviera 3350 offered the standard power of two 210hp Cummins turbo diesel engines with an option to upgrade to the 235hp Cummins B330.
