alpa Alpa 11,50

32 000 € All Tax Included

Description

ALPA 11.50 SCAFO 125 is a used boat in very good overall condition.

It is one of the best creations of the shipyard of the same name. Great for cruising and fast in racing. Made of fiberglass by the Offanengo (Cremona) shipyard in 1967, the Alpa 11.50 is characterized by classic lines, with strong bow and stern thrusts and a low maximum beam. It is a solid and comfortable sloop, rigged at the masthead, with a deckhouse high enough compared to the deck level, and such as to ensure a height below deck of 1.90 meters.

The interiors include a forward cabin with two V-shaped beds, followed by the service area and the saloon. Here there are two sofas on the side, which can be converted into single berths, and a central table. At the stern, on the starboard side is the galley, on the port side is the chart table and another berth.

The Alpa 11.50 prefers upwind but is also excellent under spi, where, however, it requires expert hands at the helm.

Book your visit on board! DY

The photographs of the boat for sale are all original.

The boat is now ashore in Brindisi by Danese

Navigation equipment:

Log (Autohelm ST 50), Autopilot (Autohelm 4000), Wind Station (Autohelm ST 50).
