Description

Beautiful walkaround signed by Evo Yachts and registered in 2021. The R6 model offers the owner a large outdoor space but at the same time generous interior spaces with three cabins.

In the stern area there is a large sundeck with space underneath to accommodate the tender. The strength of this unit is the possibility of reducing the side bulges that increase the cockpit space by about 40%. In addition, at the extreme stern there is the platform called "transformer" which allows us to get on board comfortably from the quay but which can be set as a bathing ladder or as a launching and hauling device of the tender.

The boat is full optional and has new engines and generator under warranty from the manufacturer.

We are available to give more information and to organize a visit on board.
