SALE NEW

prestige X60

Description

Large volumes, brightness, ease of movement on board: these are the key words behind the design concept of the new X60.

Its architectural dimension, the redistribution of indoor and outdoor spaces and the multiplication of relaxation areas, as well as its exceptional level of comfort make the X60 the worthy heir of the X70, the flagship of the range.

Designed for quiet and pleasant cruising, its design creates a limitless connection with the sea. Completely open, the infinity cockpit offers a beautiful view of the sea and communicates easily with the saloon through a large electric window.

Equipped with SEANAPPS technology.

Boat available from July 2024.
