jeanneau Jeanneau 65

Description

The flagship of the Jeanneau Yachts range, designed for lovers of the sea, eager to expand their horizons even more, cultivates style, comfort and space.

Fine materials, a wide choice of customisable solutions, both inside and on the deck, the Jeanneau Yachts 65 remains faithful to the Jeanneau spirit, that is, to design boats with strong seaworthiness, full of sensations, powerful and safe at the same time, capable of great autonomy, to travel far and go from one mooring to another in absolute comfort.

A TAILOR-MADE YACHT

The latest addition to the Jeanneau Yachts range goes even further than its predecessors in semi-custom construction. The Jeanneau Yachts 65 is fully adaptable to its owner thanks to the many options offered.

DECK PLAN: SPECIAL ATTENTION TO DETAIL

Movement, access to manoeuvres, stowage and comfort at sea and at anchor have been taken care of down to the smallest detail: transom that can be transformed into an immense bathing platform to access the tender garage, XXL cockpit equipped with tables that can be lowered electrically to turn into a sundeck, fluidity of movement on the flush-deck...

INTERIOR FURNISHINGS: EXPERIENCE THE SEA... IN SWEET HARMONY

The Jeanneau Yachts 65 offers living areas that subtly combine well-being and safety, sophistication and relaxation with a beautiful view of the sea.
