## Description

Perfect boat!! Fixed crew all year round. Cruiser version. Blue hull. With Arg anti-roll system, fully equipped

Mochi Craft presents the Dolphin 74' Cruiser yacht, the new flagship of the line. It offers amplified volumes, innovative layout and maximum privacy for the owner, which make it an example of formal and functional excellence. It is intended for a demanding clientele, which seeks the maximum in terms of navigability, comfort and stylistic elegance. This model, ideal for long cruises in the open sea, stands out for characteristics of uniqueness and innovation hitherto unknown in the Lobster segment: new functional solutions and an avant-garde concept enhance the concept of on-board livability, fully expressing the wealth of experience of the shipyard and the Ferretti Group. Drawn from the pencil of the architect Brunello Acampora of Studio Victory Design, in close collaboration with Norberto Ferretti, the Advanced Yacht Technology and the Ferretti Group Style Center, the Dolphin 74' Cruiser capitalizes on the entire family experience. The boat combines the elegant and performing features of the hull with the typical marine taste of the interior, in which solid teak dominates with warm and golden tones. Getting on board, the novelties are immediately perceived in the large cockpit, which is shaded by the flybridge and becomes a living space equipped with a large fixed teak table completed by three folding armchairs and a comfortable bench sofa convertible into a sundeck. The garage, particularly functional, is able to accommodate a 350 cm tender jet and a jet ski at the same time, an exceptional solution for a 22-meter boat.

There are four distinctive elements that make this boat unique:
