SALE PRE OWNED

aicon Aicon 56' s

Description

Modern and aggressive lines for a flybridge with a Mediterranean flavor.

Architect Fulvio De Simone has been able to design the most slender of motor yachts with a flying bridge, combined with a hull that offers excellent seaworthiness and speed.

The windows are flush with the fiberglass supporting structure and highlight the cleanliness of the shapes. Still very relevant today.

On the flybridge, the sundeck is in a forward position, in front of the wheelhouse, close to the windscreen, to sunbathe while sailing and stay in touch with the boat's pilot.

A large external cockpit and a well-sized aft platform provide space for "dolce vivere", on the sea, in port or at anchor.

AMONG THE FEW WITH 1050 ENGINES. POWERFUL POWER RESERVE AND LOW POWER CONSUMPTION.

Staging and technical:

Engine Alarm, Water pressure pump, Hydraulic Flaps, Gangway, Platform, Rollbar, Electric Windlass.

Domestic Facilities onboard:

Warm Water System.

Entertainment:

Specifications

YEAR	**LENGTH**
