Description

Boat in perfect maintenance condition, like new, from 2022 to 2024 a total refit of the boat was done, bringing it back to its excellent state of conservation.

The refitting was done both aesthetically and technically, (engines and generators have been carried out major overhaul work) at the moment they have 870 hours of motion.

It is difficult to describe all the work carried out, so I recommend a visit on board to realize the real condition of the boat.
