Description

The PRESTIGE 750 combines savoir-faire, high technology resulting from French experience, Italian design and originality of the fittings. The Garroni studio and the PRESTIGE technical office have imagined a 75' yacht that goes beyond traditional codes, with unique comfort and contemporary design. It is a yacht designed to make the most of the sea, both when sailing and at mooring, with several panoramic points of view from the deck: a large cockpit and an immense terrace on the flybridge... The owner's suite, located in the bow, it is an intimate and silent space, flooded with light. It is composed of a private access, a large wardrobe, a large study area and an independent bathroom... Large distinct spaces, easy circulation, excellent seaworthiness... The PRESTIGE DNA is recognizable among all.
