Description

Here is the 24th NEEL 45 now for sale. It is one of the 2 models in the EVOLUTION version equipped with a sabre fin. This accessory considerably improves the boat's performance, which is already very high, especially upwind in light airs.

We can describe this boat as a machine for swallowing up nautical miles and all in remarkable comfort.

After sailing 5 years in the Mediterranean and a year on the Antillean Arc with her owner and on land in the winter of 2023/24, this NEEL is now sailing in the western Mediterranean area.

We appreciated its general condition and its equipment.
