

SALE NEW

rio yachts Sport coupé 58

Description

SPORT COUPE' 56 is a completely new hull that enhances and summarizes the technical, aesthetic, comfort and innovation elements that have decreed the success of the current models in the range. Built with cutting-edge materials and with the Italian craftsmanship that distinguishes the RIO YACHTS production, rich in technical equipment, it is a hard top with a sporty, bright, completely closable and authentic open look: a yacht where indoor and outdoor spaces dialogue continuously in a continuum of elegance and sportiness, with spaces and lines from true open, practicality of use and generous spaces. The design, studied by Marino Alfani, assisted by the project office inside the shipyard, is played on sartorial details and fine finishes that give life to comfortable environments in the name of conviviality and Made in Italy. The interior and exterior spaces of SPORT COUPE' 56 are characterized by being all extremely connected: environments dedicated to the pleasure of being together. Starting from the stern we find a large folding platform with garage (for tenders or jet skis) and retractable barbecue, a large cockpit with sun sofa, modular tables, electric curtain that allows you to enjoy the sun and the sea in company. The characteristic element of the new boat, a characteristic of RIO YACHTS tested in other models of the range, is the crystal door between the cockpit and the wheelhouse: it allows you to completely close the cockpit obtaining maximum comfort and dilating the time of use. When not needed, the door disappears into the ceiling, giving the hull the appearance and usability of the true open. SPORT COUPE' 56 thus becomes the boat for all seasons.

Passing through the door you find yourself in a bright dinette with a large sofa,
