

SALE NEW

rio yachts Sport coupé 44

Description

"Sport Coupe' 44" takes up many of the dictates of its predecessor "Colorado 44", a very successful model.

It is more than 14 meters long and is, in short, a sporty, rich and performing hard top.

The teak cockpit is unique in its kind: it is really large (8 square meters) and "all flat", it combines cockpit and wheelhouse, to privilege the enjoyment of outdoor spaces and conviviality with friends and guests. Furnished with a large sofa, two tables, large convertible aft sundeck, retractable television and a comfortable outdoor kitchen equipped with sink, ceramic glass, fridge and microwave, it is divided by a retractable door that closed allows you to enjoy the best of air conditioning on hot days, to close the hull more safely or simply to have more intimacy in an aperitif on the quay, but open almost disappears on the right creating a unique space and without divisions.

The wheelhouse has a sliding glass ceiling, a side window and long side windows that allow light, air and excellent visibility. The stern platform is spacious with the possibility of hydraulic handling for hauling and launching the tender or jet ski.

Inside we find a customizable sofa area (with the possibility of creating a laundry room, a study area, a second kitchen, etc ...), three cabins (6 beds) and two bathrooms. All illuminated by panoramic ribbon windows on the water's surface.

The main engine is in line with Cummins QSB 6.7 engines that allow brilliant speeds and moderate consumption.
