

SALE NEW

pardo yachts Gt 52

## Description

Cantiere del Pardo launches the new motor yacht Pardo GT52. A novelty that balances the winning features of the Walkaround and Endurance ranges: spacious interior, sporty performance and a close connection with the sea coexist perfectly on board GT52.

The new 52-footer confirms a design in which the central element is the continuity between interior and exterior. The combination of the access door to the salon, the opening side windows and the sliding roof, make the main deck of Pardo GT52 an extraordinary open-air loft overlooking the sea.

Clear, unmistakable hull lines, with the reverse bow typical of the Pardo Yachts family, frame a layout of the outdoor spaces that favors relaxation areas. The design choices of the GT52 underline the attention to the space dedicated to guests: three people can comfortably relax on the bow sundeck, while eight others can enjoy lunch sitting at the cockpit table.

The versatility and flexibility of the spaces allow you to configure the cockpit according to your needs: the reclining backrests of the sofa and the dining table can be knocked down, transforming the area into a huge sundeck.

The interiors of the GT52, as on every Pardo yacht, are designed to bring to life an experience between comfort and functionality and to face long stays even with guests on board. A key feature of interior design is the choice between two different layouts – galley-up / galley-down – which radically changes the perception of spaces.
