Description

NEW SAXDOR 320 GTO

DO YOU WANT TO HAVE AN INNOVATIVE BOAT AT AN UNBEATABLE PRICE? THEN CONTACT US FOR MORE DETAILS ON THE ENTIRE SAXDOR RANGE..........

Maximum power comes from two 300 hp Mercurys while the single 300 hp V8 engine provides a top speed of 40 knots with a cruising speed close to 30 knots. With two 300 hp outboards, Saxdor 320 will reach a top speed of well over 50 knots with an optimal cruising band between 20 and 40 knots.

The 320 GTO is both modern and sporty, but has a high level of comfort. Its high-performance hull is seaworthy, safe and easy to drive. The most notable feature is the versatility of the cockpit. Below deck, it's clear that the 320 GTO should be at home in the role of a weekender, not just a fast and beautiful day boat.

With a large sundeck on the foredeck and a dinette that converts into a sunbathing space, there are plenty of options for relaxing. With the rotation of the backrest, the opposing seats can become forward-facing benches available to guests, when the boat flies at a potential cruising speed of 40 knots with the two larger twin engines.

Born from the vision of creating a fleet of boats that has never existed before, Saxdor boats are built with the highest standards of cutting-edge technology and attention to safety.

Standard Equipment Included in the Price (€ 177.000 + VAT!!!!):

Electric opening side terraces (max load 150 kg) - Wet Bar cabinet - Bow
