### ICE 62 MODEN CLASSIC RACER CRUISER

The ICE YACHTS shipyard presents itself on the market with the new ICE 62, an innovative fast cruiser dedicated to passionate and competent owners looking for strong emotions and fun at the helm, with great construction quality made with innovative materials.

ICE 62 is a very modern yacht that stands out for its performance, design, on-board comfort and its high seaworthiness, excellent both for demanding cruises and for participation in regattas and sailing competitions.

Derived from the powerful lines of the ICE 62 targa , with a mix of content taken directly from our 60' and 70'.

The avant-garde project is carried out by Felci Yacht Design and the production site is located in the historic CN Yacht 2000 facilities, a structure that has thirty years of experience to its credit and the construction of over 80 prestigious maxi yachts.

On the hydrodynamic level, the waterlines and appendages promise great performance, with impressive results that highlight the ICE 62's aptitude for going up the wind at very tight angles and planing very fast at downwind gaits thanks to its large maximum beam of 5.20 meters, therefore with flat and powerful stern sections.
