Description

Delta Brokerage is the Official Ice Yachts Dealer for Liguria, for more information and quotes do not hesitate to contact us!!

ICE 62 TARGA

Standard: glass-carbon hull, full carbon deck and lightened interior.

The ICE YACHTS shipyard presents itself on the market with a brand new product, the ICE 62 TARGA, an exclusive and even easier sailing version of the already very fast ICE 60, which winks at owners looking for a high-performance, safe boat, but above all suitable for solo navigation and fast cruising with maximum comfort.

The ICE 62 Targa is a true fast cruiser of the highest quality with an incredible use of space, with an intriguing line that takes up the typical stylistic features of the shipyard by inserting functional details such as the distinctive rollbar with carbon T top that stands out from traditional bimini and allows a clear, safe and clean deck without giving up.

Derived from the powerful lines of the standard ICE 60, with a mix of contents inspired by our 62' and 70', it manages to enhance the characteristics of robustness, seaworthiness and performance that distinguish the shipyard and that have led it to success with the added unique and distinctive elegance given by the innovative deckhouse.

Modern design, we are talking about the inverted bow (scimitar) with a 1.3 m long carbon dolphin boat, it is the big brother and the natural development of the ICE 52, another Ice Yachts bestseller with over 15 examples produced to date.
