

SALE PRE OWNED

airon marine 345

Description

Delivery September

'Airon Marine 345 has been designed in order to obtain from a boat with sporty lines a great habitability both on deck and below. Interesting is the solution adopted by Airon Marine for the stern of the Airon Marine 345, inside which there is a compartment for rafts and fenders. Large spaces therefore for outdoor life, as required by the Mediterranean tradition, with dinette, sundeck and comfortable and safe passages from stern to bow. Not to be outdone is the comfort of the interiors that offer a spacious central dinette with a large C-shaped sofa, able to accommodate up to 4-6 people sitting at the table; opposite, leaning against the left wall, a functional and well-equipped kitchen area.

Internal layout

For good privacy, two independent cabins:

A master cabin with the classic central double bed in the bow

a guest cabin aft with two beds side by side and a sofa of the correct size to offer a third berth on board the Airon Marine 345.

The toilet is accessed directly from the square of the Airon Marine 345.

External layout

Interesting is the solution adopted by Airon Marine for the stern of the Airon Marine 345, inside which there is a compartment for rafts and fenders. Large
